Resting up for a short time, I've been away,
And it's gotten me into thinking how things change.
You wont, you wont scare me into thinking you are
brave,
And you wont, you wont scare me into thinking you will
save me.

Resting up for a short time, I've been away,
And it's gotten me into thinking how things change.
You wont, you wont scare me into thinking you are
brave,
And you wont, you wont scare me into thinking you will
save...

A second chance; a new romance,
Will blossom from this; rise above this.
No, we wont wait, and nor will the stakes,
That all ride on this, that ride all on this.

You are changing into something I despise,
All your changes I can't see with just my eyes.
This place has warped your mind into a different state,
But we've been stagnant for so long and I can't wait.

A second chance; a new romance,
Will blossom from this; rise above this.
No, we wont wait, and nor will the stakes,
That all ride on this, that ride all on this.

Something told me to stay with you for so long,
I don't want to waste anymore of my time.
Simple thoughts, they don't call for desperate
measures,
And your arrogance is worth nothing to us.
Why did you think you could walk away
From this intoxicated severance of mindfulness?
Don't think for one second we can't live without you,
We'll grow stronger, we'll grow stronger.
We'll grow stronger, we'll grow stronger.
We'll grow stronger, we'll grow stronger.
We'll grow stronger, we'll grow stronger.
We'll grow stronger, we'll grow stronger.

A second chance; a new romance,
Will blossom from this; rise above this.
No, we wont wait, and nor will the stakes,
That all ride on this, that ride all on this.
