Can't explain how I feel today,
Surely I should be... (exactly how you expected?)
Exactly how you expected this to
Change anything is beyond me.

I'm twenty today and I have nothing to lose,
I'm patient, I'm waiting for you to come along for me.

Can someone explain to me how
I should take myself out!
I can't live without you today,
And I can't live with this fear and doubt.

I'm twenty today and I have nothing to lose,
I'm patient, I'm waiting for you to come along for me.

Can someone explain to me how
I should take myself out!
I can't live without you today,
And I can't live with this fear and doubt.

But I'll try, but I'll try.
But I'll try, but I'll try.

I'm twenty today and I have nothing to lose,
I'm patient, I'm waiting for you to come along for me.
