My heart's (near?) broken so let's take it slowly. Slowly
No disguises, no surprises, slowly, slowly

Racing hearts will race right past our plans
Like throwing darts whilst blind at new romance

New romance

So now, somehow it comes to you keep running from
me
So now, somehow it comes to you keep running from
Why does this all keep running from me?

My stop sign's broken so let's take it slowly, slowly
Move too fast and watch me break so quickly, quickly

Narrow minded I stare blind at dance
And like throwing fire to straw burn new romance

New romance

So now, somehow it comes to you keep running from
me
So now, somehow it comes to you keep running from
Why does this all keep running from me?

Please let's close our eyes and sleep sound tonight
Safe as each of our arms can reach deeper than hearts
Please let's sleep tonight and be safe in our minds
That we stay in this place cause we, we want to

New romance new romance new romance

So now, somehow it comes to you keep running from
me
So now, somehow it comes to you keep running from
Why does this all keep running from me?

So now, somehow it comes to you keep running from
me
So now, somehow it comes to you keep running from
Why does this all keep running from me?
