Awakening to what it is I have inside,
I looked for so long, and I found it so hard to find.
Twisting my insides, this is not fair,
And I can't carry on knowing this is always there.
Always there.

All the faces stare straight through me, I'll watch
patiently.
I'll be waiting, hate goes through me, I won't hide from
the...
Truth.

If honesty is repressed by love and fear,
Does that make the fact that I lied easier for you to
hear?
Tearing us apart, this is not fair,
A suit branded liar, a style I will not wear. I will not wear.

All the faces stare straight through me, I'll watch
patiently.
And I'll be waiting, hate goes through me, I won't hide
from the...
Truth. Truth. Truth. Truth.

And so now you've seen everything in me, that I never
wanted.
And now it seems, that all this time I've been lying to
you.
But I never thought I'd see the heavens bleed and rain
love down
On me, for me, and you cried for me, and my heart, it
bleeds love for you.

All the faces stare straight through me, I'll watch
patiently.
I'll be waiting, hate goes through me, I won't hide from
the...
All the faces, all the faces and all the faces All the
faces.
All the faces, all the faces, all the faces. All the faces!
