Distance, it's easier to keep myself from falling down
this way,
Control of one's self is all about believing.

Class is all in your own head, don't let them in.
Class is all wrong, but sit back and watch us all fall in.

So beautiful is this art of self-expression,
So sacred is just being yourself, it's freedom.

Class is all in your own head, don't let them in.
Class is all wrong, but sit back and watch us all fall in.

So beautiful is this art of self-expression,
So sacred is just being yourself, it's freedom
