The W.O.R.L.D says you'll save us,  
So this call to arms goes to everyone able  
To render your thoughts on your own terms,  
Stand up and be free.

Exclusive, elitist, negative behaviour  
Will result in only systematic failure,  
We need to stand up together,  
Not fall down apart.

And no but we wont wait, no but we wont wait,  
No but we wont wait, no but we wont wait  
For you, for you,  
You, for you.

It's a crime to ourselves, a bi-product of hatred,  
So with all the velocity of a slightly belated  
Message to a loved one, comes a sign of hope,  
Stand up and see for yourself.  
This loyalty's what you gave us,  
Now watch any minute as a power could rise up to save  
us;  
If only we'd stand up together,  
Not fall down apart.

And no but we wont wait, no but we wont wait,  
No but we wont wait, no but we wont wait  
For you, for you,  
You, for you.

You, for you,  
You, for you.
