(This is an early version of Madrigals...a few lyrics are different, and it had a different name)

I'm not so sure what I was dreaming  
about, but I'm sure it was better  
than this and I'll hope you suppose  
that I'm alright, I'm buying you flowers

(Chorus)  
Oh-ho-love  
You told everyone you know everything...hu-uh-uh  
your madrigals, your silver rings  
I still see a flash  
from the time I opened my eyes too wide

I couldn't have asked you to stay  
I'm already falling to pieces  
from this, and I hope you suppose  
that I'm alright, I'm sending you flowers

(Chorus)  
(Solo)  
I still see a flash!  
(Solo)  
Ohhhhhh, ohhhhhh, hoooooo, hoooooo  
(Chorus) Come on!!  
You told everyone, you know everything  
your madrigals, and your silver rings  
(Solo)  
Time I opened my eyes too wide

I'm not so sure what I was dreaming  
about, but I'm sure it was better then this
