I picture you in the sun, wondering what went wrong
You've fallen down on your knees, asking for sympathy
And being caught in between all I wish for and all I
need
I picture you fast asleep, a night comes you can't keep
away
May God's love be with you, always
May God's love be with you
I know I would apologize if I could see your eyes
Cause when you show me myself
You know I became someone else
Cause I was caught in between all I wish for and all I
need
I picture you fast asleep, a night that comes you can't
keep away
May God's love be with you, always
May God's love be with you
Cause if I find, if I find my way, how much will I find
If I find, if I find my way, how much will I find
If I find, if I find my way, how much will I find, you, you,
I find you, you
I don't know anymore, what it's for, I'm not even sure
If there is anyone who is in the sun could you help me
to understand
Cause I've been caught in between all I wish for and all
I need
Oh, maybe I'm not even sure what it's for anymore than
me
May God's love be with you, always
May God's love be with you, always
May God's love be with you, always
May God's love be with you
Cause if I find, if I find my way, how much will I find
If I find, if I find my way, how much will I find
If I find, if I find my way, how much will I find, you, you,
I find you, you
