this is the first last bad good bye

I see what you do
What you need to survive
Iâ€™m leaving you with this first last bad good bye

Youâ€™re a crazy world
and you just got to get high
itâ€™s in your blood
tears that you cry

Iâ€™m leaving you with this first last bad good bye

Iâ€™m leaving you
Sometimes it takes a long time
A lot of wrong turns
But you are the final one
No more returns
This bridge was built to burn

Thereâ€™s a voice in your head that rules
Itâ€™s louder than anyone elseâ€™s rules
Like you love the way
gravity waves good bye

Iâ€™m leaving you with this first last bad good bye

Itâ€™s a crazy world
Come to be
You offer no resiliency
The lack of permanence
The winds that erode
Well, youâ€™re just made that way
Release by explode

Youâ€™re a crazy old world
And somethingâ€™s got to give
Itâ€™s all die and let die
Donâ€™t ask why
Youâ€™re just dying inside
To live and let live let live
Itâ€™s a crazy old world for me and you girl

And it's good to hear babies cry
They are there to show you are still alive
The sound of flourish and thrive

I'm leaving you
this first last bad good bye
