Buzzin and flying
everybody's trying too hard
well this just is just a guess but
less is more than more now

step outside
its colder than hell
but i, make sure that you're terrified ill make sure that
your

you can never say well, can never play
but you got some
you?re a getting drunk
its a matter of getting drunk
whatchu wanna drink
would you wanna get drunk

Oh get drunk
I love to get drunk
Oh drunk

Oh I think we should get me fucked up
If you?ll come by at quarter to midnight
Well get so drunk we wont be able to walk out of the
door
well walk out of the window because were so fucking
drunk

i'm smiling cuz i'm so high
you were feelin lazy not now
you're suspicions have no feel of me somehow
wont you step outside its cold than hell
but i make sure that you're getting drunk with me

now tell me baby
and i'll try we could get drunk early
if you come by before your usual time
of quarter to midnight
you're so loud
you're waking up the neighbors dog
because he drunk and i'm still buzzin' for you baby

for you baby

oh no no

now quarter at midnight

your so loud your waking up the neighbors dog

because he's shit faced

and he's crying because the woman's dog that he

loves is away

doggie love
