The dawn is breaking  
A light shining through  
You're barely waking  
And I'm tangled up in you  
Yeah...

I'm open, your closed  
Where I follow you'll go  
I worry I won't see your face  
Light up again

Even the best fall down sometime  
Even the wrong words seem to rhyme  
Out the doubt that fills my mind  
I somehow find  
You and I  
Collide

I'm quiet, you know  
You make a first impression  
I've found I'm scared to know I'm always on your mind

Even the best fall down sometimes  
Even the stars refuse to shine  
Out of the back you fall in time  
I somehow find  
You and I  
Collide

Don't stop here  
I lost my place  
I'm close behind

Well even the best fall down sometimes  
Even the wrong words seem to rhyme  
Out of the doubt that fills your mind  
You finally find you and I collide  
Finally find you and I collide  
You finally find you and I collide
