She put her shoulder down into the rain
She doesn't know how she's gonna explain
The way it's always been it will probably be again
'Cause everyone loves to love a lie

Can't wait for the rain to stop falling
Such a victim of circumstance
On the edge and she thinks of running
Shattering all their plans

Late again and he won't stop calling
Such a victim of their romance
Struck down by a strange cold addiction
He never had a chance

She'll need a miracle
To keep her feet down on the ground
She'll need a miracle if she's ever to be found
And I swear it won't be long
'Cause everyone loves to love a lie

By the glow of a red light flashing
She's a vision of poetry
Not sure just where she's crashing
Or who she's supposed to be

Doesn't know if its him shes feeling
Doesn't know if it's someone else
'Round the bend there's a wrong turn coming
She's putting it on herself

She'll need a miracle
Just to keep her feet down on the ground
She'll need a miracle if she's ever to be found
And I swear it won't be long
'Cause everyone loves to love a lie

She'll go where she wants to go
Where she wants to go
Where she wants to go

She'll need a miracle

Just to keep her feet down on the ground
She'll need a miracle if she's ever to be found
And I swear it won't be long
'Cause everyone loves to love a lie

'Cause everyone loves to love a lie
'Cause everyone loves to love a lie
'Cause everyone loves to love a lie

'Cause everyone loves to love a lie
'Cause everyone loves to love a lie
'Cause everyone loves to love a lie
