Light up, light up this afternoon  
Somehow I've found myself with you  
Start up, start up our getaway car  
I'm in too deep we've come this far

So bright, so bright you're a blinding sun  
No need to hurry, we've just begun  
Call out, call out your ocean's move  
The water's warm I'd swim to you

Come on, get in  
Let's go, jump in  
I must confess  
I like us best  
Undressed

Turn on, turn on you're a stereo  
We'll shake these walls you're sunset n low  
Good love, good love I finally see

The past is gone for you, for me

Come on, get in  
Let's go, jump in  
I must confess  
I like us best  
Undressed

In a world full of chaos  
Shut out this deafening roar,  
For just one minute more

Come on, get in  
Let's go, jump in  
I must confess  
I like us best..  
Come on, get in  
Let's go, jump in  
I must confess  
I love you best  
Undressed

I must confess  
I like us best undressed
