Oh you just my color, oh you just my kind  
Oh you just my color, oh you just my kind  
Lord, you keep me worried babe, oh, messed up in  
mind

Well, I got up last night, reachin' upside the wall  
I got up last night (that he was), teachin' upside the wall  
Lord, I love my baby, but I declare, ooo, she's the  
cause of it all

Don't know what to do, 'bout the trouble I have  
Don't know what to do, 'bout the trouble I have  
I might try to find me some rest, babe, in the world,  
somewhere

Well, my baby done left me, she don't know how I've  
cried  
Well, my baby done left me, she don't know how I've  
cried  
Lord, she's a pretty little girl, oh she's tryin'a wreck my  
life
