Did you ever hear about the burning,  
that happened way down in Natchez Mississippi town  
Did you ever hear about the burning,  
that happened way down in Natchez Mississippi town

Those buildings got to burning, there's my baby  
layin'on the ground  
Charlotte Jones was there, Luiza was there,  
Rosie Mae was there, Louise was there

Did you ever hear about the burning,  
that happened way down in Natchez Mississippi town  
I stood back, was lookin', and the old building come  
tumble down
