When I had a lots of money  
I had friends to give a good time  
I went out with my friends  
We drunk beer and whiskey all night  
The next time I take 'em out  
They didn't have a dime to spend

I told my neighbors, I ain't gonna spend no money no  
more  
I love my neighbors, I can't spend no dime no more  
I works too hard for my money, to throw my money  
away  
My mama keep my money, I ain't gonna spend no  
money these days  
I love my neighbors, I love my neighbors  
But I have no dime to spend

Well every Monday morning, my neighbor knockin on  
my door  
My neighbor done tell me, I want some ready dough  
Well I told my neighbor, can't spend no money no more  
Neighbor he got mad, and walked on away from my  
door
