Now just tell me sugar mama, where in the world did  
you get your sugar from  
Now just tell me sugar mama, where in the world did  
you get your sugar from  
Way down in Louisiana, you come off of your father's  
sugar farm

I like my coffee in the mornin', woman I'm crazy about  
my tea at night  
I like my coffee in the mornin', crazy about my tea at  
night  
If I don't get my sugar three times a day, oh darlin' I  
don't feel right

You know they're braggin' about your good sugar, you  
know they're braggin' all over town  
You know they're braggin' about your sugar babe, you  
know they're braggin' all over town  
(Spoken: what they sayin' about you)  
They say that's granulated sugar, best ever to come  
off the farm
