Hello I'll be your morning girl
You raise the flag
Ill ring the bell
Hello I'll be your quiet girl
Just let me watch
Ill never tell

Hello I'll be your velvet girl, We'll leave this town, We'll
change the world
Hello I'll give you everything
Just not enough
And never this

Ooooooohhhhhhhhh
Be my velvet boy
My velvet boy

Hello I'll watch the sun fade out
Just leave me with the stormy clouds
Hello I'll be your sinking ship
Just take my hand
And let's fall in

Ooooooohhhhhhhhh
Be my velvet boy
My velvet boy
