We'll meet the beast with our hands on fire  
The kingdom lays upon them  
The winds will carry clouds and ships  
But the crown stands on the force of our breath

[CHORUS:]

On our curse lays our hope  
On our spells lays our war  
In our eyes flows our destiny  
Your dark chivalry brings light to my soul

There is a spark in the eye of the beloved  
And a becoming in their sword  
But still the howling of the trees  
Holds the gaze of the north wind's love

[CHORUS]

Evil curse, evil spells  
Our destiny lies on dark chivalry

Run through the winter like a black wolf  
But first cross the sins of the angels  
And though the night is out of snow  
There'll still be time for this cold blooming

[CHORUS]
