Oh man, you must be strong  
'Cause trust can prove you wrong  
Feel the words of this song  
The pain remains, but not for long

You see where it all started  
Feeding your wounds with hatred  
Giving up is for the dead  
Live it up for what's been said!

[Chorus:]  
Nothing is real but the pain inside  
Suffer the loss of your own pride  
Keep fighting for what you've been denied  
You cannot win without a fight

Stop thinking about deceptions  
And start taking actions  
You've had your share of treasons  
Get revenge with passion

Nightmares won't be erased  
Until all hell is raised  
Climb the walls that have been laid  
And smile at those who have betrayed

[Chorus]

Now you can stand tall  
The giant of your cause  
Smiling at everyone  
It's now so fun!

You think you've seen it all  
You think it can't be worse  
You just need to carry on  
And see where you belong

Everything is real but the pain inside  
Feel the rebirth of your own pride  
Keep fighting for what you feel is right  
You'll never win without a fight

You can't win without a fight!
