I'm not knocking your want  
to carry that home

took it with you  
when you moved and got it broke

we counted them all alone

found the pieces  
forgot to carry a zero  
didn't add up

I can't be your  
apologist very long

I'm surprised that  
you'd want to carry that on

count your blemishes  
they're all gone

you can't  
putting them back on  
I can't see your response

like they're waiting for your guard to fall  
so they can see it all and you're so  
occupied with what other persons are  
occupied with  
and vice versa

and you've become

what you thought was dumb  
a fraction of the sum  
yeah, you have become

yeah, you've become  
a fraction of the sum  
the middle and the front

and now it's coming back

hasn't it come too far?  
I was trying to help but I guess

I pushed too hard

afraid it'll fall apart now we can't even touch it
