

Built To Spill **"Else"**

Visit "[Else](#)" on MotoLyrics.com

Finally I don't mind
Best not talk too loud

Worthless tries at finding something else

You're not as smart as you require of them
Your body breaks
forever
Your needs consume you
together
And with this lies the need to be here

Funny thing with blood
You try to stand but neither leg's awake
not to continue

Just this side of love
is where you'll find the confidence
Your body breaks
Your needs consume you

forever
And with this lies the need to be here
together
