I can't get that sound you make out of my head  
I can't even figure out what's making it  
No one else around even seems to be noticing  
It's only small enough for me

I can't get that sound you make out of my head  
I can't even figure out what's making it  
It feels like fingernails across the moon  
Or do you rub your wings together

There's a mean bone in my body  
It's connected to the problems that I won't take for an  
answer  
And I won't take that from you  
Because I'd hurt a fly

Let you go to sleep  
Feeling bad as me  
Let you go to sleep  
Feeling bad

There's a mean bone in my body  
It's connected to the problems that I won't take for an  
answer  
And I won't take that from you  
Because I'd hurt a fly
