he's more farce than fodder
he's more of a dog than dogs are
it depends were just dots and commas
it'd still say you got one on us
theres no reason for it
don't despise an don't adore it
it's just a habit
it's just a habit i formed

this ones a super sonic
this ones got too much on it
this ones off free
this ones him free
theres no reason for it
don't despise it and dont adore it
its just a habit
it's just a habit

this is what i hear, ill send corrections if need be
