I'm killing time
Want it all the time
Want it to go away I'm stealin' time
Want time all the time
Or want it to go away revolution

Revolution
Revolution
Revolution
How come people don't fuck it up
It's like turning on the heat I'm just in time

Time to see it all
Make it go away I change my mind
Change it all the time
Want it to go away revolution

Revolution
Revolution
Revolution
How come people don't fuck it up
It's like turning on the heat
