kind of upset when things go smoothly invent problems
what's wrong with getting by on what gets you by I
know it's no big deal but I shouldn't be in my stupid
head but why do I feel stupid when head my is happy
my imagination what happened to how can things be so
un-intense? can I arrange to be deranged thought I
might be there I know I won't be there forgot the
shortcut there forgot the shortcut there thought I was
already there but I know I won't be there thought I
might be there I know I've never been there forgot the
shortcut there forgot the shortcut there
