

Built To Spill "Strange"

this strange
plan is random at best

this strange
how much more can I take?

this strange
change in atmosphere
and in gravity too
and it's severity

this strange
day is almost over

get sick of it

just started to
but not all that strange
and it's strange
but what's so strange
that it's strange
about that?

but why is that strange
that it's strange
yeah it's strange
but oh, well

this strange
plan is random at best
this strange
how much more can I take?

this strange
sound you said I said

I'm not saying it right
you're not listening or

this strange
war of promises

let's call us a truce
and call it the truth

and it's strange
that it's strange
but what's so strange
but not all that strange

about that?
yeah it's strange
but what isn't strange
yeah it's strange
but oh well
