Morning comes and I'm up on time again
Upon getting up and I'm down on what I got up for
It's been a long time my friend
Boring, dumb, and fine
So why you wanna bring that up
You haven't changed, neither have I

I feel it started at the source
What is it that makes you cry and why?
When you see a documentary and know the outcome
You still hope Hitler will blow up
And that it's fucked
And that Kennedy will duck
I feel it started at the source
