you were wrong  
when you said  
everything's gunna be alright  
yeah you were wrong  
when you said  
everything's gunna be alright

you were right  
when you said  
all that glitters isn't gold  
you were right when you said  
all we are is dust in the wind  
you were right when you said  
we are all just bricks in the wall  
and when you said manic depression's a frustrating  
mess

you were wrong  
when you said  
everything's gunna be alright  
yeah you were wrong  
when you said  
everything's gunna be alright  
you were wrong  
when you said  
everything's gunna be alright

you were right when you said  
you can't always get what you want  
you were right when you said  
it's a hard rain's gunna fall  
you were right when you said  
we're still running against the wind  
life goes on long after  
the thrill of living is gone  
you were right when you said  
this is the end  
Do you have to think about it?  
Do you have to think about it?  
Do you have to think about it?  
Do you have to think about it?
