(Hoyt Axton)

I remember all those nights in good old Nashville
Hangin' out with all them country stars
Ain't no better nights than nights in Nashville
Making music on my old guitar.

And the stars are shining bright on the Opryland
tonight
And I sometimes get the feelin' I must go
Hey walk out of this bar turn the radio on in my car
And listen to that Grand Ole Opry show.

--- Instrumental ---

I remember all those nights in good old Nashville
Pretty girls with stardust in their eyes
I'll bet they're having fun tonight in Nashville
Underneath those happy southern skies.

And the stars are shining bright on the Opryland
tonight
And I sometimes get the feelin' I must go
Hey walk out of this bar turn the radio on in my car
And listen to that Grand Ole Opry show.

--- Instrumental ---

I remember all those nights in good old Nashville
Funny how the time can slip away
And every now and then I think of Nashville
And now I'm going back there some sweet day.

And the stars are shining bright on the Opryland
tonight
And I sometimes get the feelin' I must go
Hey walk out of this bar turn the radio on in my car
And listen to that Grand Ole Opry show.

I mean listen to that Grand Ole Opry show...
