I've been to wild montana
I went there in a storm
My boots were texas leather, Mhmmm
My levis wet and torn

I loved it in Montana
I loved it in a storm
I think I'm gonna cross that river, Mhmmm
i just might be reborn

New york new york, winter '61, taking me a city ride
Somebody tall must have put out the lights, cause it got
real dark outside
And I never saw the sun 'til '71, but I never gave up the
fight
I sure was glad when I saw the dawn, somebody turned
on the light. Somebody turn on the light
Women, wine and fast red cars, well I couldn't seem to
read the signs!
Somebody said, Whose life is this? and I said that it
cant be mine.
And i never saw the sun 'til '71 but i never gave up the
fight.
I sure was glad when I saw the dawn, somebody turned
on the light. Somebody turned on the light

When the world is wrong you better right your self, it'll
make the dark clouds fly
And no body tall can put out the light, just don't let the
sprit die
And if you never see the sun 'til '91, don't you never
give up the fight
Sure be glad when you see the dawn, when somebody
turns on the light. Somebody turns on the light.
