I had a dream and I saw you standin' and you were
shinin' just like an
Angel
I'd like to thank you for standing by me when things
were darker you held
The candle
Do you remember when we took a dream and then
turned it into today together
Dreamin' seems to carry me back to where I wanna be
Wrapped up in your arms and feeling better
Rivers will run mountains will rise I love you more than
the stars in the
Skies
I'll never treat you wrong won't make you cry
Just sing you sweet love songs won't tell you lies
Wouldn't you like to go ridin' with me into tomorrow oh
sweet fantasy

Rivers will run mountains will rise I love you more than
the stars in the
Skies
Cherish what you sweet remember running through the
sands of time
Cherish it with all that's in you

Rivers will run mountains will rise I love you more than
the stars in the
Skies
Rivers will run eagles will fly I love you more than the
stars in the skies
Yes I love girl yes I love girl yes I love girl
