The night we met
The night that I won't forget
You see what I've been waiting for
But, baby, I've been wrong before
You held me tight
And everything seemed alright
I couldn't ask for more
But, baby, I've been wrong before
She used to smile at me
And hold my hand like you do
Then she left me
And broke my heart in two
See your face
Empty your warm embrace
You're all that I adore
But, baby, I've been wrong before
