Gabriella:

Here I am once again,
Picking up the pieces,
Of the mess you've made,
I'm over you spoiling the fun,
Give it a rest,
Clean your own mess.

Chorus:

You have no control,
Over everything that's passed.
Leave it be,
Don't mess with me,
I am over you,
And over what you've done.

Sharpay:

You always get what you want,
What about me?
I've had my losses too,
Tokens you took from me. Ooooh.
I am over you.
The spotlight belongs to me.
Tonight.

Chorus:

Gabriella:

Is all this pain a part of your game?

Sharpay:

You were the one who started this!

Gabriella:

Keep yourself out of my life (it's mine)

Sharpay:

But you were the one to enter mine first,

Gabriella:

I've kept to myself, and kept my friends close

Sharpay:
Yet I've always been your enemy?

Sharpay:
I've seen you as a threat, never as a foe

Gabriella:
But you tried to hurt the ones I loved?

Sharpay:
Does getting what I want make me a threat?

Gabriella:
It's what you do that makes you so.

Sharpay:
It's who I am, and I won't change

Gabriella:
Then you'll find yourself as you are now.

Sharpay & Gabriella:
Stay away from me.
I am over you
