Woahhh  
Big sisters hangin' out with her friends  
All the girls and guys are gettin' wild again  
Woahhh  
Tonight we're gonna crash the party  
So everybody now whip out your cell phones  
Spread the word: tonight we won't be alone  
We'll hide out in my room  
Till we hear the boom  
Of the tunes blastin' in the basement

And we'll crash the party  
Pump up the radio  
We'll blow the stereo  
Crash the party  
They can't kick us out  
If we're gonna shout now  
Come on get up and show your stuff  
Give it all you've got  
We're gonna  
Woahhh  
Crash the party

Lets give it up for the DJ  
Give a scream for all the music he plays  
Woahhh  
Tonight we're gonna crash the party  
Never heard the speakers goin' this loud  
But tonight we're hangin' with a loud crowd  
We'll keep it goin' on  
We'll be singin' along  
To the songs blastin' in the basement

And we'll crash the party  
Pump up the radio  
We'll blow the stereo  
Crash the party  
They can't kick us out  
If we're gonna shout now  
Come on get up and show your stuff  
Give it all you've got

We're gonna  
Woahhh  
Crash the party

We'll hide out in my room  
Till we hear the boom  
Of the tunes blastin' in the basement

And we'll crash the party (Crash the party)  
Pump up the radio  
We'll blow the stereo (we'll blow the stereo)  
Crash the party (Crash the party)  
They can't kick us out  
If we're gonna shout now

And we'll crash the party (crash the party)  
Pump up the radio  
We'll blow the stereo (we'll blow the stereo)  
Crash the party  
They can't kick us out  
If we're gonna shout now  
Come on get up and show your stuff  
Give it all you've got  
We're gonna  
Woahhh  
Crash the party
