I can't believe that you're gone.
You're the only thing I need in my life.
Now I'm finding it hard just to sleep at night.
Since you told me, you won't stay by my side.

Why did I let you turn and walk out that door?
I know why you're saying goodbye.

[Chorus]

Baby, I should have said I love you.
I should have said that I do love you too.
Boy you know I was scared
To say that I cared
But I know I do,
I should have said I love you

I still feel your kiss on my lips,
I remember the sweet look in your eyes,
When you whispered the words, "Baby, I love you"
You know you froze me,
I was hit by surprise

Why did I let you turn and walk out that door?
I know I'm not afraid anymore.

[Chorus 3x]

Baby, I should have said I love you.
I should have said that I do love you too.
Boy you know I was scared (Boy you know I was scared)
To say that I cared
But I know I do,
I should have said I love you

Baby, I should have said I love you.
I should have said that I do love you too.
Boy you know I was scared (Boy you know I was scared)
To say that I cared
But I know I do,
I should have said I love you

I should have said I love you. (I love you)
I should have said that I do love you too.
(Boy you know) Boy you know I was scared (Boy you

know I was scared)
To say that I cared
But I know I do,
I should have said I love you.
