Blue lonely nights are all I seem to remember about her
Nobody told me about her
I deserve the right to put it all behind me and live me
life
I'm gonna live it without her
It's easier said than done
I need someone sooner or later
I spend every night at home
So I put an add in the paper

CHORUS

Help Wanted
It's personal, won't you please help me
I got to shake this aching feeling
Or I could spend the rest of my life healing
Help Wanted
It's personal, won't you please help me
I can't do it all alone
So won't you call the listed phone below
And talk to me (talk to me)

I know some cold hearted people
If they knew, I'm sure they'd laugh at me
But I don't care much about it
For somebody new, who's not afraid to take a chance
with me
Or we could take it or leave it
I don't care who you are, you'll need someone sooner
or later
Then I've been cold before, but I think I'll change for
the better

CHORUS

When I think of all the lonely people looking for
someone
When I think of all the days and nights I thought I was
the only one

REPEAT CHORUS AND FADE
