(CHORUS)

Little boy blue  
Come blow your horn  
The sheep's in the meadow  
The cow's in the corn  
Little boy blue

Little boy blue  
Used to hang around  
The old haystack  
Just a-sleeping sound

Til a girl walks by  
With all her charms  
And now he's got her  
In his arms

(CHORUS)

Monday, Tuesday  
Wednesday, Thursday  
Friday night and day

She used to tell me  
How she loved me  
But now I hear her say

Oh, my little boy blue  
I love you?  
Little boy blue  
Come blow your horn

Little boy blue  
Little boy blue
