Curtain going up-up-up - curtain going up-up-up

Walking along the street last night, I happened to see  
you within

You went into a picture show - the drama was about to  
begin

Followed you inside, didn't try to hide

The lights were down, you took his hand and when the  
movie star-arted

You moved right in so close to him - it left me broken  
hear-eart brea-ea-ea-eak

I caught your act, oh I saw what you did girl

I caught your act, caught your act baby

I saw the whole thing, you got carr-arr-ied away

It was easy to see-ee, there was no part for me

Oh-oh, I caught your act, oh I saw what you did girl

I caught your act, caught your act baby

(Caught your act, caught your act baby)

And I got caught in the dark

Curtain going up-up-up

Caught you baby, yes I did, he was holdin' you in his  
arms, yeah

Curtain going up-up-up - one night stand with your  
thievin' man

Curtain going up-up-up - did he buy popcorn, did he  
buy candy

Why'd you ever get together

When you played those long love scenes your kisses  
failed to show

I had the best seat in the house

And when the lights came on you were the first one to  
know

Oh-oh, I caught your act, oh I saw what you did girl

I caught your act, caught your act baby

I saw the whole thing, you got carr-arr-ied away

It was easy to see-ee, there was no part for me

Oh-oh, I caught your act, oh I saw what you did girl  
I caught your act, caught your act baby  
(Caught your act, caught your act baby)  
And I got caught in the dark

Curtain going up-up-up - followed you inside, didn't try  
to hide  
Caught you baby, yes I did, he was holdin' you in his  
arms, yeah  
Curtain going up-up-up - followed you inside, didn't try  
to
