Come on, guys
Tell me what we're doing
We're hanging 'round when we could be all over the
place
The sun is shining just the way we like it
Let's get outta this hallway
Show the world our face

It's Friday but there's nowhere to go
Anywhere is cool but we're not going home
And we can do anything we wanna do
It's all up to me and you

Turn this park into a club
The stars are lights and the moon is a vibe from above
Skateboard here's our ride
So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!
We got the party with us!
We got the party with us!

Radio, let me be a DJ
I'll turn you up, keep us moving 'til we're on a roll
Everyone is dancing to their own beat
And letting go, everybody here's got a soul

It's Friday and there's nowhere to be
We're kicking it together, it's so good to be free
We got each other and that's all we need
The rest is up to you and me

Turn this park into a club
The stars are lights and the moon is a vibe from above
Skateboard here's our ride

So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!
We got the party with us!
Woo!
We got the party, we got the party!

Life is for dreamers
And I'm a believer
That nothing can stand in our way today
Let's find a place to play
Yeah!

Turn this park into a club
The stars are lights and the moon is a vibe from above
Skateboard here's our ride
So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!

Turn this park into a club
The stars are lights and the moon is a vibe from above
Skateboard here's our ride
So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go
Everybody knows
We got the party with us!

Anywhere we are, anywhere we go
Everybody knows
We got the party, we got the party!
We got the party, we got the party with us!
We got the part with us!
