Put yourself in my position  
It's the moment of decision  
Got to love you like a real man  
Let us have some fun

When you ready you to come, come  
Fit up me self already, no man, nah, go run, run  
Pleasure satisfaction alone me bring down down  
Penis stiff up like a pencil hear a beat like a dum dum

Man nuh afraid, a woman brave heart, man a uh dum  
dum  
Love you, make you simmer and settle like a run down  
Touch you body right and make you say it's well done  
Nah give her a half, me a make, she view the whole  
spectrum

Woman just bring on the fun  
I'm gonna love you like it's never been done  
Take on a level plane and set your equilibrium  
No escaping, no turning back and no place to run  
Woman a melt, she a the butter me a the sun

Try my best to make it better satisfy  
You bring you pleasure in your life  
Other guys would die to do whatever  
Acting smart, not being clever, no, not I

Man a make love to woman, them a look up inna space  
Nah feel no pleasure, him nuh penetrate  
She want test her fate  
Hold on and brace get up tired  
And tried and ball fi body ace

See the hussy, carry the money, make him confiscate  
You rather have a man with whom you can relate  
First, you be fair, not Vanity Fair  
The something the you have by right, it has to share
