I know that the sun will come out tomorrow  
Bring me only joy, don't bring no sorrow  
Call me optimistic, I believe in life  
All is here for the taking for a price  
For a price, yeah, for a price, for a price, good Lord  
And I say, I know that the sun will come out tomorrow  
Bring me only joy, no more sorrow  
Call me optimistic, I believe in life, yeah  
All is here for the taking, for a price  
And it's a magic city, magic lights  
Magic moments, magical heights  
Oh magic city, magic lights  
Magic moments, magical heights  
I said, where the mystic is always around  
You enjoy the sights and sound  
So high you don't wanna be down  
This is where I can be found  
Yeah, where the mystic is all around  
Enjoy the sights and the sounds  
So high you don't wanna be down  
And this is where I can be  
It's the magic city, magic lights  
Magic moments, magical heights  
Whoa, magic city, magic lights  
Magic moments, magical heights  
Ay, yeah, I was depressed, frustrated and lonely  
Then a voice from nowhere came and consoled me  
Now do the best you can, you stand up and be a man  
You're in the magic city with magic lights  
Oh, magic moments, magical heights  
This magic city, magic lights  
Magical moments, magical heights  
I know that the sun will come out tomorrow  
Bring me only joy don't bring no sorrow, no, no  
Call me optimistic, man believe in life, yeah  
And all is there for the taking for a price  
You're in the magic city, magic lights  
Magic moments, magical heights  
Whoa, magic city, magic lights  
Magic moments, magical heights, yeah  
Magic lights, magic moments, magical heights

Whoa, magic city, magical heights  
Magic moments, I tell you once more  
Where the mystic is all around  
You enjoy the sights and the sound  
So high you don't wanna be down  
This is where I can be found  
Down there where the mystic is all around  
Enjoy the sights and the sound  
So high you don't wanna be down  
Down there, that's, that's where I can  
City, lights, moments, magical heights  
Oh, magic city, magic lights  
Magic moments, magical heights  
Ay, magic city, magic lights  
Magical moments, magical heights  
Magic city, magic lights, moments, heights  
City, lights, moments, heights  
City, lights, moments, heights  
City, lights, moments, heights  
City, lights, moments, heights
