You Know... sometimes there's so much to say
LA LA LA LA LA LA LA LA LA LA LA
People call you so much dirty names, they use you to
play their kinky
Games.
Then they gone and turn their backs on you, saying you
washed up xanadu.
But now you've finally reached the top, that's when you
think the doggin
Stops.
They can't find one thing to say, the got to eat their
words day by day,
You know why,
Cause I love you, OOOE girl, and I just stop,
And I need you, all the way, to the top.

I love you with a sense of purpose (you can say that
again)
I love you with a sense of purpose
I love you with a sense of purpose (you can say that
again)
I love you with a sense of purpose

If I'm well you can tell, cause she's beside me woh ho
If I should lose lose my way, she reminds me woh ho
I find her love in a special way, fills me up with words to
say
I don't know who who could treat her this way
In my arms is where you should stay

I love you with a sense of purpose (yes I do)
I love you with a sense of purpose (alright yeah)
I love you with a sense of purpose (come a come a
come a come a come come)

I love you with a sense of purpose (I cry I cry)
LA LA LA LA LA LA LA LA LA LA LA

So called friends wanna hurt us, but they could never
jerk us,
Love faith honor and trust my love for you is

continuous,
Inna everyday life it gives my impetus there's no need
for lust,
Let me reassure you stay focused, through ours souls
we'll be victorious,
I can't promise to sky and the earth and such though
me tend to be notorious,
No love games heartaches and pains, no ultimatums
no beat up,
Rest your head upon my shoulder, relax your mind,
It's real it's not fictitious, without you it earth without
light,
So let me sleep and never wake up.

I love you with a sense of purpose (that's right)
I love you with a sense of purpose (I love you I love you I
love you I do)
I love you with a sense of purpose (you know bout it
girl)
I love you with a sense of purpose (Chill out)

Every relationship have ups and downs, know that as a
fact,
Yesterday I sent you roses, to my surprise you sent
them back,
I can only sway to see you face, couldn't even make
eye contact,
Love gets sweeter after the fight, baby I'll be coming
back,
And I'll go tell the world, that I find love, upon a
mountain top,
That I O V E four letter word, to resist it I just cannot,
You see my plum, my sugar, pretty momma heartbeat,
Not even honeycomb coulda be sweet,
How me gonna hide the felling as the world see it oh oh
oh

I love you with a sense of purpose (can say that again)
I love you with a sense of purpose

Oh girl I love you every day, don't you konw I ove you
all the way,
I love you when the's sun going down, pretty girl I'll
always be around
