Small axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big tree

Small axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big tree

Been on your love line for so long  
Won't you be mine age is no crime  
Been loving you every minute every hour  
All I ever need

Small axe fall big tree  
Though I'm just a baby  
Safe in your arms  
That's where I wanna be  
Small axe fall big tree

And I know you won't  
Treat I like others would  
Warm embrace truly I feel good  
So much to learn this heart inside I burn  
And I'm still be right here waiting my turn
