Spoken:

That's that fast Special Streamline  
Leavin' outta Memphis, Tennessee  
Goin' into New Orleans.  
She runnin' so fast the hobos don't  
Fool with this train. They stand on the  
Track with their hat in their hands.

I had a friend girl that mornin' was  
Catchin' that train.  
She got up singin' this song:

Sings:

'Hey Dad, I'm sorry to leave my home  
Mm-mm-mm  
Lord, Lord, Lord, Lordy'

Spoken:

She heard that 8:30 local blowin' that  
Mornin'. She hadn't rid the train in a good while.  
She thought it'd have that Special Streamline.  
She heard at 8:30 local when she is comin'  
To the line, declared up for that Streamline  
Blowin' like this:

(plays guitar w/wshbrd)

She said, 'Daddy, is that my train?'  
I say, I ain't keepin' up with the train time  
I'm tryin-a make a few dimes.'  
She dropped her head went to singin'  
An cryin':

Sings:

'It's alright how you turn me down  
Mm-mm-mm  
I ain't got a dime

Spoken:

After she called for a ticket  
She heard this Special Streamline

Going 36 miles from Memphis, Tennessee.  
Make ya lonesome, now  
Cause I'm a hobo myself, sometimes.

(plays guitar & w/wshbrd)

Man asks her, 'Where the other train?'  
She told him she didn't know  
If she heard a bell she could tell him all about it.  
As she dropped over that hill  
And stopped off in the valley  
She heard the bell begin to toll like this:

(plays guitar w/wshbrd)  
'Make a sound like a church bell toll'.

Before she got to that ten mile tunnel  
She blowed and throw'd on the airbrakes.

(plays guitar & w/wshbrd)

Airbrakes!

When she got to that ten mile tunnel  
She was gettin' close  
She was tippin cars on automatic switch  
Gettin' her water and coal on the fly  
You could hear her when she was strikin'  
That double iron like this:

(plays guitar w/wshbrd)

When she run 'cross the last one  
She squalled in.

(plays guitar w/wshbrd)

This girl looked out an seen that train  
She commenced to singin' an cryin'.

Sings:  
'Hey, dad I don't wanna leave'  
Mm-mm  
I believe I'll lose my mind'

When that train got a little closer  
Down to New Orleans, she went around  
That curve, you would hear her  
When she's blowin' like this:

(plays guitar w/wshbrd)

The people's always standin' at the station  
Lyn' there to see that train come in.  
You would hear her when she squalls.

(plays guitar w/wshbrd - to end)

Spoken:

'Boy, ev'rywhere but here'
