Wanna be loved
Not for who you think I am
Nor what you want me to be
Could you love me for me?

Real love, with no strings attached
I wanna give you me heart
Don't want to take it back
This is my chat-cho
Been searching for a long long time
For that oh-so-true love
To comfort this heart of mine
No pretense stop wasting my time
A virtuous woman is really hard to find
I'm telling you lady
I'm only human, not looking for impossibility
Just a genuine woman with sincerity
Someone who is always near to hold me
Show me you care, up front and boldly
Don't shun my feelings, all the positive meanings
Love me morning, noon all seasons

Wanna be loved
Not for who you think I am
Nor what you want me to be
Could you love me for me?

Well every hoe have it's stick in a bush

What happen to me she must be somewhere out there
Now where could she be?
Caught up passionately in a love rhapsody
I'm like waiting on some honey
But there ain't no queen bee
Everybody's laughing
Some say I'm silly
No infatuation, no love fantasy
Woman you lead my life on a string
I can't tale the on and off thing
I'm oh so lonely inside so I sing

Wanna be loved

Not for who you think I am
Nor what you want me to be
Could you love me for me?

I would spend my nights at home
But if it means contention
I'd rather be alone
Tell the service man cut the phones
Lock all communication
If there's no light within my day
I'd rather stay in isolation
For that special someone a lifetime I'll wait
I know that I'll be okay
Cross my heart, every day I live I pray
And I know she'll come my way
Night and day for this woman I pray
