I've been trying to forget you girl
Since you put me down
I hear you're working on the same thing too
All over this town
But we end up right back in the middle
Of a love that's tried and true
Baby if we try, try just a little
You will see
How true I want to be to you

You know you always get the best of me
I'm as helpless as a man can be
Try me baby you will see
Forget about the rest
You'll always get the best of me.

I've tried every trick I know
I drank myself dumb and blind
I've tried to Mary Lou you
Peggy Sue you
Right out of my mind
As hard as I've tried I just never get it
'Cause the feelings much too strong
Baby give my heart but tho' I can't let it slip away
I've got to get you back to where you belong

You know you always get the best of me
I'm as helpless as a man can be
Try me baby you will see
Forget about the rest
You'll always get the best of me.

Hear me baby
We can see that
You know I love you and I know you feel the same way
C'mon back girl
You can miss ya'
I've got lovin' that'll make you know

You know you always get the best of me
I'm as helpless as a man can be
Try me baby you will see

Forget about the rest
You'll always get the best of me.
