I don't like to worry  
About no one else  
I like to be, you know alone and free  
I'm happy by myself, yeah

But here comes this girl, whoa, yeah  
I've seen 'em all around the world  
She looks into me  
Looks right through me

Don't you know it hit me like a hammer  
Hit me like a ton of lead  
You know it hit me like a hammer  
You know it hit me, baby, well

I told myself to take it easy  
'Cause this won't last long  
A day or two, I'll be back in love  
And she'll be long gone, yeah

But then she caught my eye, whoa, yeah  
I knew that it was all a lie  
I started shakin'  
My heart was breakin

Don't you know it hit me like a hammer  
Hit me like a ton of lead  
You know it hit me like a hammer  
You know it hit me, baby

And now I can't stop this feelin' I've got  
I wanna know  
'Cause there's no time to make up my mind  
You shocked me, now you got me  
If you really want me

Here comes this girl, whoa, yeah  
I've seen 'em all around the world  
She looks into me  
Looked right through me

Don't you know it hit me like a hammer

Hit me like a ton of lead  
You know it hit me like a hammer  
You know it hit me, baby

You shocked me, now you've got me  
You know you hit me like a hammer  
You know you hit me like a hammer  
Hit me like a five pound sledge  
You know it hit me, baby  
You know you hit me like a hammer
