chorus

i believe you can love someone forever
i believe if it's right love will last a lifetime
if you say i will stay everyday right here by your side
loving every night

soft perfume and a smooth walk
a smile that dances when you talk
sweet melody when you whisper to me
i love ya
i need ya
i'm never gonna leave you

summer mornings in your hair
paradise in my arms and i wanna take you there
so i'm down on one knee, and if you'll have me
i love you
i'll please you
i'm never gonna leave

i'm gonna stay till the day after
after the sun turns off it's lights
the stars don't shine at night
when god comes for my soul
i'll politely say no
i'm gonna stay till the day after
the world stops turning around

chorus

i'm gonna stay till the day after
after the sun turns off it's lights
the stars don't shine at night
when god comes for my soul
i'll politely say no
i'm gonna stay till the day after
the world stops turning around

after the sun turns off it's lights
the stars don't shine at night
when god comes for my soul
i'll politely say no

i'm gonna stay till the day after
the world stops turning around

i'm gonna stay till the day after
the world stops turning round
i'm gonna stay till the day after
the world stops turning round
