"But I Was Wrong"

I am foolish
I am stupid
When I'm with you
You walk around me
You try to figure out what I do
but I don't do anything good when I'm near you

I thought you liked me because we were in...
but you don't even like that
I thought you said it was you and me
but I was wrong

I try to be funny
I try to be spontaneous
that's something I'm not
I try to be serious
I tell you stories about my life
that is something which doesn't interest anyone

I thought you liked me because we were in...
but you don't even like that
I thought you said it was you and me
but I was wrong
